There Will Be No General THA Meeting in October

A Message from Our President

Another busy quarter at Timberlake watching for potential flooding from hurricanes and dam inspections post earthquakes to labor day activities and a spaghetti dinner fundraiser.

Rain did not interfere with Dogs on the Dam or the dinner. All 120 hotdogs were consumed. It was especially nice to see new faces cooking and serving the hotdogs. A special thank you to Denise Irby as well as Larry and Tammy Johnson for helping with this event. The fishing contests and boat races were exciting to watch. See results in the Fellowship report

Despite the weather on the evening of the spaghetti dinner and the wind blowing items off the tables, Timberlake once again proved to be a community that comes together for a cause. \$600.10 was deposited into the THA account from the Spaghetti dinner. Everyone told me the food was delicious and I agree. There are many people that helped to make this event successful and I hope I do not leave anyone out; Ginger Parsons, Jesse Reach, Steve and Phyllis Nattsas, Sally Frasier & Bob Cox, Tom & Faye McCraw, Lisa Vogel, Shelly Ore, DeeDee & Tom Gillette, Jack Allen, Tony & Esther Tucker, Maureen Reasor, Etta Legner, Mary Feagans, AC & Boopie Whitehead, John & Debbie Vasvary, Carl & Weegie Miller, George Myrick, Brenda Doss, Jim & Jo Anne Blencowe. Thanks to everyone that attended and invited friends and family. People are already asking if this will be an annual event.

It has been suggested that we have some type of fundraiser quarterly. What kind of fundraising activities would you like to see? Please let the board hear your thoughts. A 5K run around the lake has been suggested along with pancake breakfast and a chili cook off to list a few. If you are interested in coordinating any of these ideas, please let me know.

A new refrigerator was purchased for the pavilion kitchen which is more energy efficient and also has a freezer. The pavilion electric bill was \$22 less than the same period last year with the removal of older refrigerators.

The THA board has been busy and I appreciate all they do to make Timberlake a great place to live..

Kathy Traylor, *President*

Maintenance Report

THA continues to need a Maintenance Director. Read about how fun the position could be: .

Nat Reasor reports water sampling results for EColi continue to be in normal limits and there are no signs of contamination.

For all the fisherman - 400 catfish, 6-8 inches long have been ordered and will arrive to be placed in the lake around October 6th.

The annual dam inspection was performed by George Schrader with Bill Hays and Chip Loving assisting. The Dam is in good condition overall, however, there are a list of recommendations that hopefully will have been completed by the arrival of this newsletter. Bill Hays is coordinating volunteers to complete the list of maintenance needs. There are multiple areas in need of excessive vegetation removal, and re-grouting those areas once the vegetation is removed. Also some small trees need to be cut. Once all dam maintenance items are completed, there will need to be a plan to prevent excessive growth in the future.

George Schrader volunteered to chair the Lake Management Committee. This committee is charged with the development of a plan consisting of both short and long term goals through year 2025 for improving and maintaining Timberlake water quality. An example of a lake management plan can be found at www.wisconsinlakes.org/lake_mgmt_planning. The committee will keep the board updated on its progress and will present at either the January THA general meeting or the April annual meeting.

Kathy Traylor, *Acting Maintenance Director*

Fellowship Report

A great time was had by all at the Timberlake Labor Day Celebrations. 150 hot dogs were given out at “Dogs on the Dam.” The following is a list of winners in the Fishing Contest and Boat Races:

Fishing Contest:	Sam Stafford	21” Bass	Boat Races:	Janet Watkins	Sail Boat
	Michael Viar	12” Catfish		Will Thornhill	Pontoon Boat
	Will Thornhill	8” Bream		George Myrick	Open Power Boat
	Dave Reasor	10” Yellow Perch		Bill & Sarah Hayes	Canoe
	Andrew Eilers	9” Crappie		Mitchell Bower	Kayak

Due to a blood clot in my right leg, I was unable to participate in the celebrations. Thanks to all who stepped up to help me make this day a fun celebration for all. We truly live in a special neighborhood.

- **Halloween Party/Octoberfest will be held at the Timberlake Tavern • October 29th (Sat. before Halloween).**
Tom McCraw will be making his famous stew. Please bring 2 covered dishes and wear a costume.
- **October 21 “Friday Cheers” • at the home of Dee Dee and Tom Gillette • 2248 Timberlake Dr. • 6 - 10pm.**

Chip Loving, *Fellowship Director*

From the Garden Club

The Garden Club will be publishing a calendar again this year! The 2012 calendar should be available for sale around the first week of December. We are still accepting photos to consider for use. The deadline for submitting photos is October 24. Please send digital photos (from a camera, not a cell phone) to Sue Etherton at suetherton@aol.com.

Photos must be at least 10.5 inches wide and 300 dpi. Smaller photos will be considered for use in the monthly grids or the collage that is included in calendar. Much thanks to all those who have submitted photos so far.

WID 2011 Annual Report

It has been a great summer at Timberlake. Our beautiful lake has endured an extremely hot and dry summer season. As August starts to fade the leaves are falling early due to the lack of rain and fall is just around the corner.

Many homeowners continue to improve their properties and docks. There is one tear down underway in the North Quadrant and the new house is now under construction.

The Timberlake Homeowners Association received a 22 page analysis from a Lynchburg College graduate student showing that Timberlake is moving from a mesotrophic to an eutrophic lake. One can only conclude that if action isn't taken soon to correct the problems Timberlake will continue to decline in health and quality. At this time THA is considering a plan to adopt to correct this. THA will advise RE Lee when this materializes.

The lake was lowered from January through March of this year to make the necessary repairs on the primary spillway to comply with the dam safety inspection report. The new dam regulations will soon be in place which will make it even more expensive to operate and maintain our dam and spillway.

There may be other large projects down the road if there is enough interest shown by the membership. One could possibly be dredging of the whole lake. If this were to happen it would probably take a tool such as the WID to fulfill it.
